

Dear Fresno State Musician,

This email serves to inform you of the Fresno State Wind Band audition process and timeline for the coming semester. Please read all of this information carefully. We work hard to provide comprehensive audition experience for our students. Rehearsals will begin on Thursday, August 27 2026. **THE LINKS TO OFFICIALLY REGISTER FOR AN AUDITION AND SUBMIT YOUR VIDEO ARE BELOW. PLEASE READ ON:**

As a reminder - **all Music Majors and Music Minors are required to perform in a major ensemble each semester.** Anyone who does not complete the audition process and achieve placement in a major ensemble will be required to forgo their individual lesson instruction for that semester. It is your responsibility to successfully and completely engage in the major ensemble audition process, which for the wind bands includes your audition packet (three etudes) and an in-person sight reading with scales and chromatic, held on campus.

Percussion Auditions will be live in the studio on Monday, August 24, 2026, beginning at 3:00pm. Please adhere to the schedule and process that Dr. Darling & Professor Gabrielson set up for you for the upcoming semester **but PERCUSSIONISTS MUST BE SURE TO COMPLETE THE GOOGLE FORM AS WELL.** <https://forms.gle/wPtAocuNaEMP8Afw9>

Audition Packets - information and dates

The audition packets for both Symphonic Band and Wind Orchestra will be posted on our [website \(fresnostatebands.com\)](https://fresnostatebands.com) by **Monday, August 3, 2026 at 11:59pm.** You should create a calendar notification to remind you to download the packet and begin preparations for the auditions. The packet will contain the following: Your notated, specified scales and chromatic (please note the articulation, marked tempos, and rhythmic patterns), studio etude, audition etude #1, audition etude #2. You should initiate a daily and organized preparation process to set yourself up for maximum success as these auditions are competitive.

The Audition Packet (studio etude, etude #1, etude #2) must be recorded (following the instructions) on video and submitted through a google form by Saturday, August 22, 2026. Please ensure you have optimized your recording by testing your device and recording in a room that both enhances your sound, as well as eliminates other sounds from your recording. You should plan to record and review your preparations over several days to capture your best work before you complete the full recording of all three etudes, back-to-back, with no video splicing. These videos will be proctored and reviewed as "blind auditions", and we will not know who you are while you are performing on your video. During your preparation, please focus on the following, in this order:

1. Tone - We focus on this the most.
2. Pitch - Intervallic, sustained, and large leaps. Beautiful tone and pitch highly separate players, particularly in the scales.
3. Musicality & Style - Do shape and nuance exist? Do you articulate the style correctly and with inflection?
4. Rhythmic/Articulation Accuracy - Poor rhythm fundamentally changes the intent of the music. Practice with a metronome - constantly!
5. Right Notes - They matter, and good players don't miss notes, but these other things matter more.

Be purposeful in your practice, record yourself early on, review what you are producing, and be discerning in your planned changes.

How do I officially register to perform an audition?

Access this Google Form link that must be completed (ALL WIND & PERCUSSION PLAYERS) to register for your official audition appointment:

<https://forms.gle/wPtAocuNaEMP8Afw9>

After completing an official google form registration, students' next step will be to prepare the audition music and create their audition video.

Students should follow these procedures:

1. In order to continue the process of “Blind Auditions” an Audition Proctor will run a computer and play the sound from all auditions for the faculty who will adjudicate all of the musicians. Only the Audition Proctor will know the names of the various student auditionees until the scores have been tabulated for each section of musicians.
2. Auditions must be recorded in video format. The video must include all of the music on the required audition sheet for each student’s instrument.
3. **Audition videos must be recorded all in one take with no editing** besides clipping the “dead space” at the beginning and ending of your audition.
4. It is suggested that students set up a recording space making sure that the recording device is a couple of feet away from the playing position in order to get the best quality sound.

Things to note when recording:

1. **Do not talk at any point in the video!** This will help you remain anonymous to the adjudicators.
2. After you have finished recording, listen back and make sure the audio is clear and loud enough.
3. Make sure the environment that you choose is quiet and be sure to eliminate any background noise.
4. Make sure to take a small pause, no longer than 5 seconds, between the excerpts.

You finish recording, what next?

1. You did it! Give yourself a pat on the back.
2. Label the video in this format: **(Instrument Name - Last name, First name)** ex. *Flute-Roberts, Barbra*
3. Please upload the audition video to YouTube and email the unlisted link with the subject as (last name/ First name- instrument) to wind.orchestra@mail.fresnostate.edu
4. Make sure you have submitted your audition video by **Saturday, August 22, 2026 by 11:59 pm!**

*** NO AUDITION IS COMPLETE UNTIL BOTH THE VIDEO HAS BEEN SUBMITTED AND THE SIGHT READING/SCALES APPOINTMENT HAS BEEN PLAYED IN PERSON. INCOMPLETE AUDITIONS WILL RESULT IN THE LOSS OF STUDIO LESSONS***

Sight Reading - information and dates

On Tuesday, August 25, 2026, ALL WIND AUDITIONEES must also perform their scales/chromatic, and a brief sight reading audition, IN PERSON, in the Music Building. This process will be the same as we used this past semester: essentially you will enter a room for a specified period of time where you will be able to review the sight reading piece. After that period, you will proceed into another room to perform the sight reading for the panelists, who will not be able to see who you are. Audition results will be posted no later than Wednesday, August 26, 2026 and you should then alter your ensemble registration at that time, if need be. **If you do not attend the sight reading auditions, you will not be placed in wind band for the upcoming semester.** Please set this date in your calendar.

We are extremely excited and anxious to get to make music with our students as early as we possibly can and we feel this audition process is the best path forward in achieving that goal. Please do your part by preparing your audition materials, diligently, and be ready to hit the ground running the first week of semester. *Enjoy the rest of your summer break!*

Good luck and don’t forget to have FUN with this educational process!

Fresno State Percussion Placement Auditions: Fall 2026
Symphony Orchestra, Wind Orchestra, Symphonic Band and
Percussion Ensemble

Date/Time: Monday, August 24, 2026; 4:00pm – 7:30pm

Place: Percussion Studio (M132)

REQUIRED REPERTOIRE:

1. Xylophone: *The Golden Age – Ballet Suite “No. 3 Polka”*, Shostakovich. [All]
2. Snare Drum: *Scheherazade*, Mov. 3, Nicolas Rimsky-Korsakov. [‘D’ through 8 bars after ‘F’; skip the 8-bar rest after ‘E’]
3. Timpani: Timpani: *Symphony No. 9* (1st Movement), Beethoven. [Beginning: Start at meas. 16 through beat 1 of 5th measure after ‘A’]

IMPORTANT:

I. THE AUDITION WILL BE HELD BLIND: JUDGES WILL BE BEHIND A SCREEN AND WILL NOT BE ABLE TO SEE THE PLAYERS.

II. PER SCHOOL OF MUSIC POLICY, ALL MAJORS WITH PERCUSSION AS THEIR INSTRUMENT WHO ARE ENROLLED IN LESSONS MUST AUDITION FOR AND BE AVAILABLE TO PERFORM IN THEIR ASSIGNED ENSEMBLE. CLASS TIMES ARE:

SYMPHONY ORCHESTRA - MON/WED, 4-5:50PM;

WIND ORCHESTRA – TUES/THURS, 4-5:50PM;

SYMPHONIC BAND – TUES/THURS, 2-3:50PM;

PERCUSSION ENSEMBLE – MON, 6:30-9:30PM.

III. STUDENTS ENROLLED IN THE BMB WILL NOT BE PLACED IN SYMPHONY ORCHESTRA – TIME CONFLICT.

IV. WHILE STUDENTS WILL BE ASKED WHAT IS THEIR PREFERENCIAL MAJOR ENSEMBLE (SYMPHONY ORCHESTRA OR WIND ORCHESTRA), ACTUAL PLACEMENT INTO AN ENSEMBLE IS BASED ON HOW HIGH ONE RANKS IN THE AUDITION. IN ORDER TO CREATE BALANCED SECTIONS, WE WILL CONSIDER PREFERENCES AND MAY CHOOSE TO ALTERNATE ASSIGNMENTS BETWEEN THE TOP GROUPS WHERE NECESSARY TO ENSURE ONE ENSEMBLE DOES NOT HAVE A DISPROPORTIONATE NUMBER OF THE HIGHEST RANKED PLAYERS.

V. IF A STUDENT DOES NOT RANK HIGH ENOUGH TO GET INTO EITHER SYMPHONY ORCHESTRA OR WIND ORCHESTRA, THEY WILL BE PLACED BASED ON THEIR RANKING FIRST INTO SYMPHONIC BAND AND THEN PERCUSSION ENSEMBLE.

VI. MUSIC MINORS MAY CHOOSE TO USE PERCUSSION ENSEMBLE AS THEIR PRIMARY ENSEMBLE.

VII. COMPOSITION STUDENTS MAY CHOOSE TO BE IN PERCUSSION ENSEMBLE AS THEIR PRIMARY GROUP, BUT THEY SHOULD KEEP IN MIND THAT THEY NEED 4 SEMESTERS OF MAJOR ENSEMBLE AND 4 SEMESTERS OF CHAMBER ENSEMBLE DURING THERE TIME IN THE PROGRAM.

VIII. SIGHT READING ON SNARE DRUM AND MARIMBA WILL BE PART OF THE AUDITION.

Good Luck!!

Profs. Darling, Gabrielson and Downing

Tips for a Successful Audition

**Dr. Matthew Darling, Professor of Percussion
California State University, Fresno**

Probably one of the most difficult things a musician has to do is audition for jobs, scholarships, groups, etc.... Often the process is seemingly quite unrealistic. An example of this is a typical orchestra or wind ensemble audition where you play excerpts from existing works in the standard repertoire. These excerpts are generally not true solos in the composition. Rather they are most likely soli (with another instrument) but are soloistic in nature. Thus when played in an audition setting, they are played out of context. This serves many purposes for the audition committee, however. It allows them to hear the following:

1. How well you have studied the part
2. how you interpret the part as a soloist
3. how steady your natural rhythm is
4. how you handle yourself under pressure
5. your musicianship

These are all very important things to know. The problem with this type of audition is they do not allow the committee to see how well you blend and fit with the orchestra/wind ensemble. They also do not evaluate your ability to adjust to nuances in rhythm, dynamics, or articulation. Unfortunately, the perfect audition is nearly impossible to attain given the logistical nightmare it would create.

These 10 tips will help you prepare better and help you feel more confidence. Confidence often equals success and improved audition results!

1. **Listen:** Listen to at least three recordings of the work to hear how your part fits with the ensemble. Find recordings with reputable (well established) orchestras.
2. **Score study:** Study the score of the work so you know exactly what is happening in the ensemble while you are playing. This will help with mallet choice, phrasing, articulation, etc... You can find articulation markings, phrasing, other nuances in the other parts that may be omitted from the percussion part for whatever reason (this happens quite often, by the way).
3. **Tempo:** Determine a median tempo and use that to prepare. Avoid taking tempos that are faster or slower than recordings you've listened to. With faster tempos you risk losing control during the audition, and with tempos too fast or slow you risk losing interpretation points
4. **Ask questions:** Find someone who is knowledgeable and ask questions.
5. **Don't procrastinate:** Work out sticking, phrasing, dynamics, etc... as far in advance as possible. Be consistent!
6. **Mock auditions:** Do mock auditions by yourself (video/audio) or for a friend/colleague.
7. **Mental-aural picture:** Have the sound/music in your head *before* you play, thus creating an accurate mental/aural picture.
8. **Body position:** Prepare to play by positioning your mallets and your body correctly throughout the excerpt.
9. **Practice all notes:** Practice all the notes you must play. Do not exclude the "*simple*" isolated notes that appear to be extremely easy to play. Often these notes give players the most difficulty.
10. **Experiment:** Be willing to experiment with different mallets, instruments (when able/applicable) and techniques to get the sound you want.

Reading Improvement

Set-up (Getting all the equipment together)

Instrument & stand height
Stand relationship to range of music & stand angle

Pre-reading (Before you play)

Time signature
Key signature (mallets)
Tempo markings
Rhythm
Pitch range of music on instrument (mallets)
Accidentals (mallets)
Sequences, repetitions or motives (mallets)
Melodic motion (step wise, scale wise) and harmonic motion (arpeggios/key areas) (mallets)
Articulations
Stickings

Reading (While you are playing)

Keep eyes on the page; do not look down at the instrument
Keep eyes moving
Do not stop playing
Use ears to adjust pitch and tone
Keep fingers and hands close to bar (mallets)
Sing part in head (internalize pitch and rhythm)
Keep body relax (shoulders, neck, arms, hands)
Natural, relaxed stroke for better accuracy

Other Thoughts

Read 10 – 15 minutes a day; 5/6 days a week
Read in the beginning of your practice time, while you are fresh and alert.
Truly sight read; do not pick previously known material
Take the tempo slow; say and sing the name of the note out loud
